

Report No: MOH-MR-2026-887341

Date of Issue: 12 May 2026

MEDICAL BOARD REPORT

تقرير اللجنة الطبية

Patient Name **Aisha Mohammed Al Nuaimi**
Emirates ID **784-1980-6628451-2**
Date of Birth **03 March 1981**
Referring Authority **Ministry of Education**
Assessment Date **28 April 2026**

CLINICAL FINDINGS

The patient has a confirmed diagnosis of **Multiple Sclerosis (ICD-10: G35)**, relapsing-remitting type, first diagnosed in 2023. Recent assessment shows progressive neurological impairment affecting mobility and sustained concentration. The condition is chronic and, in the committee's opinion, is not expected to improve to a level permitting return to her former occupation.

MEDICAL BOARD DECISION

FITNESS DETERMINATION

Permanently Unfit for Service

The medical board recommends permanent medical retirement. The patient requires ongoing treatment and periodic neurological review.

Authenticity Verification

Scan this code to verify the report with the issuing authority (MOHAP). The code contains a signed verification record: report ID, issuer, issue date, and decision.
