

Discharge Ref: THB/DS/2026/4471

Date: 12 February 2026

DISCHARGE SUMMARY

Patient Name	Saeed Obaid Al Shamsi
Relation to Applicant	Spouse of Fatima Ali Al Shamsi
Admission Date	06 January 2026
Discharge Date	11 January 2026
Procedure	Laparoscopic Cholecystectomy
Attending Surgeon	Dr. Imran Sheikh, MD (Surgery)

SUMMARY

The patient was admitted for elective laparoscopic removal of the gallbladder following recurrent biliary colic. The procedure was completed without complication. The patient was discharged in stable condition with a course of follow-up consultations and physiotherapy over the subsequent six weeks. Full recovery is expected, with no long-term restriction on activity.

ESTIMATED TREATMENT COST

Total billed cost of admission, surgery, and follow-up care: approximately **AED 30,800**, settled privately by the patient's family.
